Go, sick man, go
'Tis not too late! oh, no;
To Chatham square;
'Tis free—that's fair.
And if but satisfied
How good is PAINT,
Just think how gratified,
When low and faint.
Now you can come
Without a fee,
No other one
Gives service free.

These Grates have been extensively used for the past three years, during which time we have made such improvements in their form and proportions of metal and air openings, as is required to give them the requisite strength with the largest percentage of air opening, for burning the various kinds and sizes of Coals. They have proved to be the best and most economical Grate in use.

The great advantage to be gained in doing business at the above mentioned offices is the saving of time and expense, in taking or making applications for Insurance at the down-town offices, and waiting for surveys or the writing of Policies, as both surveys and the writing of Policies are done without delay by ourselves at the up-town branches. Usual brokerage paid.

Thankful for past patronage, we do most respectfully solicit the continuance of the same. Asking others desirous of effecting Insurance to give us a call. Very respectfully,

JOHN W. GOLD,

ORIGINATOR OF THE CELEBRATED

INDIA RUBBER PAINT AND CEMENT.

The most Leaky Roofs made impervious to Water. Also, House and Sign Painting in all its branches.

Office—338 HUDSON STREET.

This paint has no superior. It has, to an unerring certainty, abundantly demonstrated that it will resist the action of the atmosphere, expand and contract with the action of the weather, cannot be affected by Heat, Cold or Acid, it will make the leakiest Tin, Metal or Shingle Roofs impervious to water, thus defying the power of the element; it will last longer than any other Paint in use, a perfect protection to Iron Buildings, Shutters, Railings, &c. As a perfect protection to the Roofs of Public Buildings and Private Residences, I more particularly recommend it, knowing its merits. The Paint is applied under my own personal supervision, every job is warranted, none but the purest materials are used. I use no Tar, Pitch or Benzine. For Sale Wholesale and Retail.

In presenting to the public this Superior Paint, and not wishing them to rely on my recommendation, I refer them to a list of the large number for whom I have done work, which can be seen at the Office.

WILSON'S

STREET AND AVENUE DIRECTORY

OF THE

CITY OF NEW YORK.

(CORRECTED MAY 1, 1868.)

Entered, according to Act of Congress, in the year 1868, by H. WILSON and JOHN F. TROW, in the Clerk's Office of the District Court of the United States for the Southern District of New York.

EXPLANATION.

If you wish to find the location of any dwelling-house or store,—for instance, No. 80 **ALLEN** Street,—on consulting the Street Directory (*see* **ALLEN**) you will observe that 66 Allen is on the right hand of that street and on the corner of Grand, and 86 Allen is on the right-hand corner of Broome; hence the desired number, 80 Allen, will be on the right-hand side of Allen Street, between Grand and Broome.

Or suppose you are going up Broadway and wish to take a cross street, so as to call at 236 Hudson Street, on examination (*see* **HUDSON**) of the corner numbers in Hudson Street, you will observe that 230 Hudson is on the corner of Broome; hence by passing from Broadway through Broome Street to Hudson, you are near to the desired number, 236.

NOTE.—Such of the streets as are divided into East and West, will be found in this work under E. and W.

COOKING RANGES

EIGHT SIZES,

ADAPTED FOR

Private Families, Boarding-houses, Dining Saloons and Hotels.

These ranges have, for neatness, durability, and economy, not as yet been surpassed by any article of the kind. The external appearance of them is neat; are cast of the

BEST AMERICAN IRON;

the plates most exposed to the extreme heat are made extra heavy; the Oven Doors are made to swing, and not liable to break, as drop doors; having a long circulation of heat around each oven, they bake equal to a brick oven, require but a small quantity of fuel, and are therefore not so apt to get out of repair.

References to persons who have them in use in any part of this and the neighboring cities, may be selected at the Salesroom,
